Lab 3 - Writeup

Files Changed

- `exec.c`
 - Modified `allocvm` function to move the stack to correct location
 - Modified stack pointer to point to top
 - Initialized `curproc` pages to 1
- `lab3_test.c`
 - Added test file
- `proc.c`
 - Copied over pages from `curproc` to `nproc`
- `proc.h`
 - Added `int` pages field
- `syscall.c`
 - Modified functions where they called `curproc->sz` to `KERNBASE-1`
- `trap.c`
 - Added new switch statement to handle page faults
- `vm.c`
 - Copied over for loop and changed boundaries to account for new stack
- `Makefile`
 - Added `lab3_test` to `UPROGS`
